## AVOID DAMAGE & COSTLY REPAIRS

**SNOW TERMINATORS** are constructed using bullet-proof 14-gauge steel; with an internal vented truss system, making it the strongest snow and ice diverter on the globe!

Manufactured in the USA

In heavy snow zones, plumbing vents may become clogged, forcing methane gas back into your home.

Mount The Snow Terminator directly over any vent. Your protected vent will disappear, while safely venting gasses away from your home.

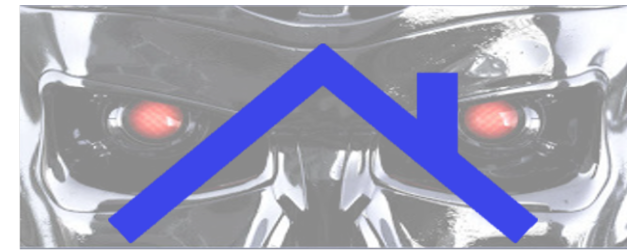

In addition to it's 72,000 lbs of sheer strength, no pitch is too extreme for the **Snow Terminator**. Protect vents, stove pipes, electrical service conduit, and more.

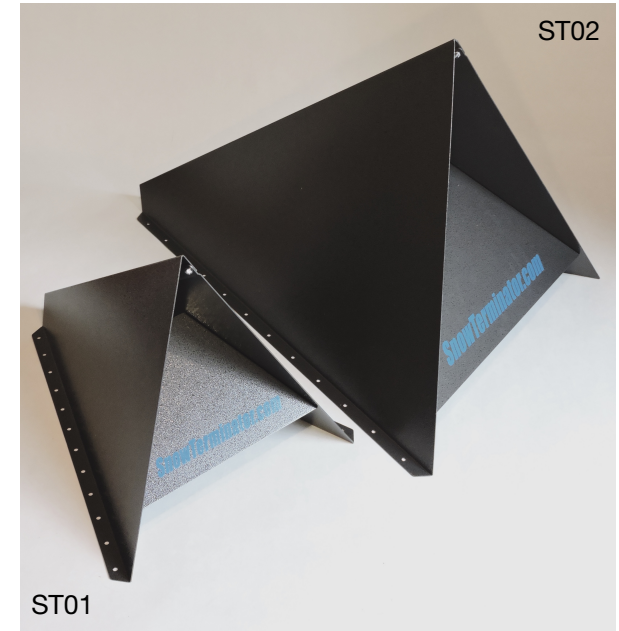

### POWDER COATED!

Designed to work and look great on any pitch roof.

Available in 2 sizes!  
**ST01 18" x 18" x 26"**  
**ST02 27" x 27" x 39"**
